Dear Mr. Weitz:

We at San Rafael Parish wish to extend our appreciation for the dedicated service we have received from Hearts Pest Management over the past five years. We would like to make special mention of your technician, Steven Golisch. For the past six months he has been diligently working on a recurring problem we have been experiencing. Through it all he has been just wonderful. He has been on premise every time we call and has offered suggestions and/or solutions always with a smile. His maturity and great "can do" attitude extend beyond his years.

Thanks to Hearts and Steven we are now enjoying a pest free environment. We would recommend your Company to anyone with every confidence that the job will be well done.

Sincerely,

Ward B. Thompson
Business Manager
